Limited Lifetime Warranty – Interior LDF Doors

Timberland Door, LLC. (Timberland) warrants to the original buyer of a Timberland LDF Door specifically for interior purposes (the "Product") that the Product shall be free from defects in material and workmanship.

All doors should be thoroughly inspected for defects before delivery to the job site and/or any additional work (i.e. painting, hanging, etc.) is completed on the doors. If you have a problem with your Timberland LDF Door, immediately upon discovery contact the distributor or dealer from whom you purchased our product. Upon identification of an issue with a door(s), do not proceed with any additional installation steps (i.e. job site delivery, painting, hanging, etc.). Timberland should be made aware of the issue before any additional work is completed on the product. At its discretion, Timberland will repair, replace, or refund the full purchase price of any failed door, for/to the original residential homeowner. Timberland reserves the right and must be given a thirty (30) day opportunity to have a Timberland representative field inspect the defective Product.

Improper handling, finishing, modification and/or installation, by the homeowner and/or their hired dealer/installer, of Timberland manufactured door products shall render this warranty null and void. Hanging, installation, finishing, and or modifying the product is deemed to be acceptance of the product, and may cause any warranty claims to be denied. Timberland shall not be responsible for indirect, consequential incidental, or personal injury damages, or for any amount in excess of the purchase price (including, but not limited to delivery, finishing, installation, and/or any miscellaneous labor costs) of the defective Product, whether the claim is for breach of warranty or negligence.
